IMPACTFUL GIFTING

Vital Voices Global Partnership invests in women leaders who are solving the world's greatest challenges—from gender-based violence to the climate crisis to economic inequities, and more. We are “venture catalysts,” identifying those with a daring vision for change and partnering with them to make that vision a reality. We scale and accelerate impact through long-term investments in our women leaders to help expand skills, make connections, and increase capacity & visibility. Over the last 25 years, we have built a network of 20,000 change makers across 185 countries, each of whom are daring to reimagine a more equitable world.

The unique products featured in this guide are all from the women-led businesses in our global network of leaders who have participated in one or more of our signature fellowship programs.

Stay up to date on the latest news and information from Vital Voices and our brand new global headquarters for women's leadership—a first-of-its-kind global embassy for women—by signing up for our email newsletter online at: vitalvoices.org and be sure to follow us on social media @vitalvoices to stay connected.
